HAUTE FOR THE HOLIDAYS

Festive happenings mean fashion fun. Wonder what to wear? The pet fashionista brings her A-game.

HETHER ENTERTAINING, event hopping or simply stepping out, holiday is a time to shine. This season's fashion trends let both humans and canines do just that. From elegant lace to rich velvets, from brocades and floral prints to deep solid hues—and of course sparkle and shine galore—there is no shortage of the fabulous in what is trending for holiday 2014.

BELLE OF THE BALL

This lush, red satin party dress, embellished with rhinestone trim, exudes holiday fun. Add a transparent organza bodice panel and a stunning jewelry collar and ooh la la...the diva is ready for anything. This is one frock that should carry a warning label that reads, "Beware of studs on the prowl!"

CELESTIAL STARLET

This stunning creation is for the girl who has it all—for whom standing out is just something that comes naturally. Made of Swiss Cloque fabric and fully lined in blue Silk Charmeuse, the flounce is sprinkled and trimmed with Swarovski® Elements crystals. The statement bias-cut bow with crystal encrusted knot turns what is already a beautiful dress into something truly memorable. *Designed by Rebecca Bissi, chiencoature.com.*

MOTO CHIC MEETS EDGY GLAMOUR

Stylish and on trend, this matching dress and harness vest combo is a head-turner. For the ladies, the dress features tiny, fringed pieces of yarn incorporated into the fabric of the bodice, giving it a nice texture. The skirt is also a standout, with layers of circles and tulle, fit for any little princess. A majestic butterfly pattern, created from several hundred rhinestones and faux onyx, gives this dress must-have holiday dazzle. The full effect is truly sublime; a fashion lover's fantasy. Not to be outdone, little boys can sport this unisex, rock-star-cool black and silver faux croc vest. The butterfly pattern, complete with rhinestones and faux onyx, adorns the back, and it is fully trimmed in Swarovski® crystals. *Designed by Yvette Ruta, yvetteruta.com.* 1P
